Decided to head directly south on the weekend to get some fish and chips. The trip started off with a sight you don't see that often, a Toyota HILUX on it's side. After a quick look we continued to the Grand Ridge road and followed it till the Yarram Morwell road turn off and then shot down into Hiawatha and Minneha'ha Falls via Hiawatha Madalya Rd.

Continued south via Albert River road and then a series of short cuts like Billy Creek Rd, Tap Tap Rd, Old Alberton Rd which kept us on the dirt until we hit South Gippsland Hwy and Yarram-Port Albert Rd. All up it was only 80 Kms. We headed back using Whitelaws Track which was quicker and shorter however we continued riding to Balook, Mt Tassie, Carrajung, Callignee and Tararalgon South before heading back home so I don't know how much shorter the trip would be via Whitelaws Track to the beach from home. In total we did 225 kms.
